### COVID-19 Podcasts – We want to hear from members!

The Shadow Board are running a series of podcasts to discuss how members have navigated the challenges or opportunities presented to their businesses by COVID-19.

This will be split into four categories;

- Employees of businesses who have been impacted by COVID-19 – how have you found this experience?
- Businesses that have had to temporarily close or pause due to COVID-19 – how are you planning to get back to work once able to do so?
- Businesses that have stayed open throughout COVID-19 – how did you manage this?
- Businesses that have evolved or innovated during the COVID-19 pandemic – what have you managed to do differently?

Please contact Adam Pearson to express an interest in sharing your story; [adam@adamediafilm.com](mailto:adam@adamediafilm.com). The podcasts will be recorded via video link, using Zoom or MS Teams.
