All Together Cumbria

A social enterprise investing in providing the people of Cumbria with opportunities and access to employment.

Mission

To attract, develop and retain a talented workforce, to create thriving communities in Cumbria.

Vision

By working in collaboration with the community and industry to meet skills demand, we will support, enable and enhance individuals to develop a more sustainable workforce for the future.

Key Objectives

- Support the development of a trained and capable workforce
- Retain local skills and talents
- Provide access to employment opportunities for all
- Support local businesses to resource robustly to undertake work for key clients.

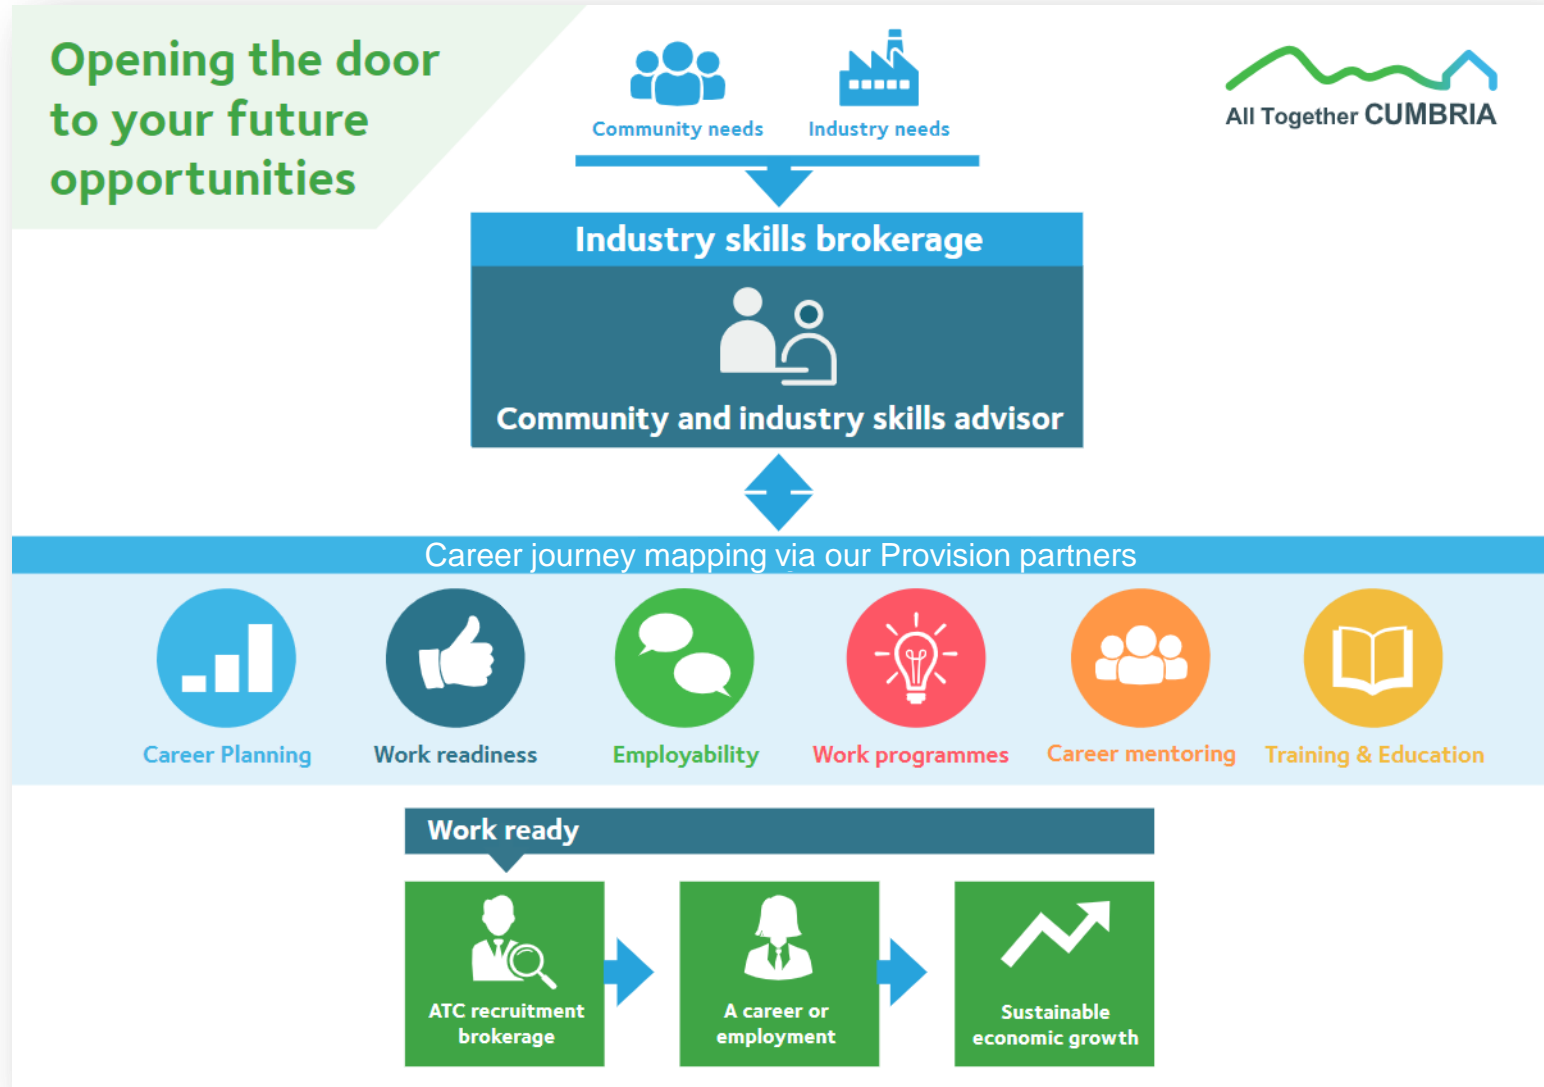

How it works

Industry skills brokerage

- **Work with the community and industry** to understand and determine current and future skills requirements to inform how and where we invest in the future
- **Support the local community** by providing individuals with tailored support and signposting to local provision providers

Recruitment brokerage

- **Enable direct access to real local jobs**, matching the right people to the right job at the right time

Benefits of working together

Maximise social value and make visible social change in Cumbria

No one voice is louder than any other. Everybody has the opportunity to make a difference

Provide a pipeline of skilled and competent persons to support your work programmes

Direct access to local talented candidates via our Recruitment Brokerage

Supports the Government social value criteria needed for your bids and tenders

Regular reports demonstrating your added contribution to the community through every pound spent

'Its hard to imagine succeeding as a business, when the communities around you are struggling'
